704	1.380	1.956	1.586

A book's spine varies in size, depending upon the number of pages and paper type.

To determine a book's spine width, divide the number of pages by its "pages per inch" (ppi)

**(EVERY SHIPMENT OF PAPER CAN MEASURE A LITTLE DIFFERENT. WE SUGGEST THAT YOU CONTACT YOUR CSR FOR YOUR EXACT SPINE WIDTH WITH ANY PAGE COUNTS OVER 176 PAGES OR COLOR BREAKS ON BOTH SIDES OF YOUR SPINE)**
